WORK EXPERIENCE

Python Programming Intern

Octanet | May 2024 – June 2024

- Collaborated on Python-based applications, focusing on API integration to enhance functionality and user experience.
- Created documentation for Python code and workflows to improve clarity and usability.

CERTIFICATIONS AND ACHIEVEMENTS

- **Completed ESDP and Soft Skill training** | Zensar Technologies
- **Code Without Barriers** | Ratan Tata Maharashtra State Skill University
- **Infosys Springboard Pragati Path: Cohort 5**
- **Web Development** | Udemy
- **Python Programming** | Udemy
- **Machine Learning Fundamentals** | Infosys Springboard
- **ReactJS** | Udemy

PROJECTS

1. Secure e-voting with facial recognition using AI

- Tech Stack: React.js, TypeScript, Tailwind CSS, Python, Node.js
- Developed a full-stack web app combining React.js frontend with a Python-based backend.
- Implemented real-time webcam image capture using Python for potential facial recognition features.

2. Online Project Submission System

- Built responsive web interface using HTML, CSS, JS with secure file uploads
- Ensured cross-device compatibility with mobile-friendly design

3. ATM Interface

- Created Flask backend with Pandas for review filtering
- Designed responsive front-end for optimal user experience

4. Hotel Reviews Analysis Using AI

- Created Flask backend with Pandas for review filtering
- Designed responsive front-end for optimal user experience

SUMMARY

Dedicated and innovative B. Tech Computer Engineering student with a strong foundation in software development, programming, and web technologies. Passionate about crafting efficient, user-centric solutions and contributing to impactful technical projects.

EDUCATION

Bachelor of Technology (Computer Engineering)

R. C. Patel Institute of Technology
Shirpur, Maharashtra | 2026

12th Science (HSC)

R. C. Patel Junior College
Shirpur, Maharashtra | 2022

10th (SSC)

R. C. Patel Secondary School
Shirpur, Maharashtra | 2020

SKILLS

Programming Language: C, Java, Python

Query Language: MySQL, PLSQL

Development Skills: Web development, ReactJs, Node.js, MongoDB

Data Structures & Algorithms

Soft Skills: Communication, Leadership, Presentation
